

The **Environmental Policy & Procedures** software package has been specifically designed to assist companies to comply with their statutory duties under **UK and EU Environmental Legislation**. A truly comprehensive solution, the **Environmental Policy & Procedures** package contains over **60 pages** of information, which has been written in Plain English, by professionally qualified Environmental Practitioners. The software includes, but is not limited to:

- Environmental Policy Statement
- Organisation of the Management of Environmental Issues
- Environmental Management Responsibilities
- A wide selection of Environmental Procedures
- Environmental Impact/Risk Assessment
- Environmental Performance Monitoring & Review
- Wide selection of Miscellaneous Forms

## Why do I need the software?

The **Environmental Policy & Procedures** software package offers much more than just an Environmental policy; it can also help you to:

- Demonstrate your commitment to sustainability and maintaining the natural Environment
- Ensure that safe systems of work are in place for the protection of the Environment
- Provide a starting point to introduce positive Environmental practices within the workplace
- Lower your insurance premiums
- Demonstrate to potential clients and business partners your approach to environmental management when tendering for work

The **Environmental Policy & Procedures** software package therefore offers companies a highly cost effective solution to assist them with their Environmental Management obligations.

## Key Features Include:

- Complete Environmental Policy solution written by experienced qualified professionals
- Easy to use graphical interface which requires no special training or knowledge to use
- Completely bespoke Environmental Policy and Procedures Manual incorporating your company name and logo (where applicable)
- Supplied electronically in PDF format for easy printing and issuing to clients etc.
- Selection of editable proforma's

## Who is the software for?

Quite simply, any organisation wishing to demonstrate its commitment to maintaining and improving the natural environment. The **Environmental Policy & Procedures** software package has been specifically designed for this purpose and is aimed at everyone from the self employed to multi-national organisations, including:

- Builders and Contractors
- Painters and Decorators
- Factories and Manufacturers
- Plus others with a requirement to management their environmental responsibilities

**This is probably the most comprehensive Environmental Policy & Procedures package available.**
